NAVAL MOVEMENTS

NOT DEFINITELY KNOWN.

Rejstvenky Reported to be Waiting at Hainan for the Fourth Division of His Fleet—Cable Cut.

St. Petersburg, April 27.—It is intimated in military circles that Rejstvenky is now in the Gulf of Tonquin, where under the shelter of Hainan Island and far outside territorial waters, he can await the arrival of the fourth division of his squadron commanded by Admiral Nebogastoff.

London, April 17.—The correspondent at Hong Kong of the Daily Mail states that the cable to Hainan has been cut by the Russian squadron to conceal the movements of their vessels.

SABBATH SCHOOL CONVENTION.

The Alberta Sunday school convention being held in the Presbyterian church of this city, closes this evening. So far it has been a success in every way, all taking a deep interest in the work. The different sessions have been well attended and many good addresses and discussions concerning Sunday school work have been of much interest to all concerned in this direction.

An interesting feature of yesterday's afternoon session was the teaching of a primary class by Miss J. Lawford of this city, who, by having the little scholars, was able to demonstrate very forcibly several good points in the teaching of primary classes.

The convention will close this evening. It was decided yesterday to meet next year in Red Deer.

SLEDGES AND PICKS

EMPLOYED TO BREAK JAIL.

Mob in an Alabama Town batter a Hole in the Wall and Shoot a Prisoner.

Shreve Port, Alabama, April 27th.—After working three hours with sledge hammers and picks, twenty-five men broke into the jail at Homer La., and shot Dick Craighead, inflicting wounds which will probably prove fatal. Craighead was charged with the murder of Mrs. Isaac McKee, wife of Craighead's half brother, and her little son. The authorities were unaware of the designs on the prisoner until too late to prevent it. Every telephone and telegraph wire out of Homer was cut and the rifles of the Claiborne Guards were seized before the attack was made.

A WINNIPEG TRAGEDY.

SERVANT GIRL FOUND DEAD.

Police make Gruesome Discovery in Residence of Dr. Stark—Suicide or Murder.

Winnipeg, April 27th.—A shocking discovery was made by the police this evening when the body of a Polish girl known as Lizzie was discovered in a bathroom of the house of Dr. Stark of which she was an inmate. She was lying in a pool of blood with her throat slashed from ear to ear and a blunt table knife by her side. The door being locked on the inside the superficial features of the case point to suicide, but the police consider it difficult for the girl to have self-inflicted so violent wounds. The house was of ill repute and the police discovered Mrs. Stark drunk on the floor, the doctor being away.

Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

WHO WE ARE AND WHAT
WE THINK.

The Opposition speakers and papers have recently been taking a great deal of comfort out of the idea that the verdict of the Edmonton district on the North West policy of the Government is of no account because the people are chiefly Half Breeds and Galicians. It is not altogether apparent why the opinions of legally qualified voters of whatever race or nationality should not be accepted, especially on a matter of most immediate concern to them. The refusal to accept such expressed opinion is the more remarkable because coming from self constituted champions of provincial and especially of North West rights. However, those who find refuge from the logical result of their own arguments in what they intend as a slur on the people of Edmonton, are not entitled to even that poor refuge. The Edmonton district contains a mixed population. There are English, French, Germans, Galicians and Half Breeds, the latter the original people of the country and therefore surely entitled to be heard on matters directly affecting their own welfare. These several people are to some extent grouped, but not absolutely. There is a sprinkling of people of British origin and language in every polling division, and generally sufficient to appreciably affect the trend of opinion in the locality. The vote at the polls at the election of November 3rd last showed 5061 votes cast. Dividing the polls into groups as fairly as possible, and making allowances so as to reach a fair average the following is the result.

THE GUM REMOVED

THE microscope shows each leaf of tobacco is covered with long soft hairs which exude a viscid juice.

This is called the gum, and it covers the surface with a moist glutinous exudation.

Tobacco, to be good, must have all this gum driven out.

In Manicaragua I procure tobacco that has all this gum "sweated" by the natural heat of the climate.

Only the dry, well matured leaf remains—the leaf that when I age for three years will give a cool, fragrant smoke—odorless and aromatic—that's the characteristic odor of my Pharaoh.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 36, which have not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent counter-signed in the manner prescribed by this Act, and has obtained the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, or the second home-

stead in the vicinity of the first homestead.
(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied, by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years by the local agent, sub-agent, or Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, is the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Land Agents in Manitoba or the Northwest Territories.

LUMBER CAMPS BURNED.

Messrs D. R. Fraser and W. McDonald of D. R. Fraser & Co. returned yesterday from the lumber camps up the river. Fires have been raging in the woods for some time. Three camps belonging to the company were burned together with a considerable number of logs which could not be taken to the dump. The mill camp and stores were saved and the logs and lumber at the dump. The fire is reported to have started through the carelessness of some settlers or squatters burning brush.

Assaulted a Policeman.

Regina Standard: While patrolling the portion of the city to the north of the freight sheds, last night Constable Sample was subjected to a murderous assault from two men, but happily succeeded in handling both, with the aid of a heavy stick, which he carries.

He was walking along Railway street, when the cry, evidently of a lady, attracted his attention. The sounds came from the north side of the freight sheds, and Mr. Sample ran over there to investigate. As he came around the corner of the sheds at the west end, he was leaped upon by two men, with a swinging stroke Mr. Sample brought his cane down on the arm of one man, who cried out: "My God, my arm is broken."

Meanwhile the second man had come up from among the cars, and assaulted the policeman from the other side. Mr. Sample turned on this new assailant, and landed a couple of heavy blows across his head and shoulders.

The man said nothing, but evidently thinking the glass getting too warm for him, turned and ran. His companion had made a start a few seconds before, Mr. Sample pursued, but with the rain from the blows he had received on the head and arms, he was unable to keep it up long enough to catch his assailant.

As Mr. Sample was not armed, he was unable to arrest the men, and they accordingly got away.

Though by good fortune and using his stick, Mr. Sample escaped being murdered, for that was plainly the motive of the assailants, he was badly bruised, and will remember the night of Good Friday for many years to come.

NEW CONSTITUTION

FOR GOVERNMENT OF TRANSVAAL.

Burgers and Britishers will vote for members for the First Volksraad

London, April 26th.—The draft of the new Transvaal Constitution was issued today. It provides for a progressive assembly, consisting of a Lieutenant Governor six to nine official members, and thirty to thirty-five elected members. Every Burgers of the late south African Republic is entitled to vote for members of the first Volksraad as well as all white males of British birth occupying premises at an annual rental of not less than \$50 or having capital to the value of \$500, unless convicted of treason since May 31st 1902 or of murder, unless in either case they have obtained a free pardon. The commissioners will divide the Transvaal into electoral districts. The debates in the Assembly will be carried on in English but the president of the Volksraad may permit members to use the Dutch language. Financial measures must be recommended to the assembly by the Governor, and no part of the revenue may be apportioned without his authority. In a communication to Lieutenant Governor Tawley accompanying a letter patent providing for changes Colonial Secretary Littleton says the time is not yet ripe to grant full self government. The latter involves party government and this in the Transvaal will become more practicable when the two races have acted longer together under equal rights and when bitter memories have become softened by time. In regard to the colored population, not being directly represented in the Volksraad any bill subjecting them to special liability or restriction must have the sanction of the Home Government before it becomes operative. Secretary Littleton explains that similar constitutional changes cannot be extended to Orange River Colony immediately because industrial economic conditions there do not urgently demand them.

NOTICE.

Public notice is hereby given that after the expiration of two weeks after the 27th day of April, 1906, being the date of the last publication of this notice, the Municipal Council of the city of Edmonton intend to undertake the construction of a sufficient street grade on the late-ly opened portion of Jasper Avenue, extending from Lot 38 Block 2, River Lot 12 to Boundary Avenue, at its intersection with Second or Elizabeth Street known as the Jasper Avenue extension as a Local Improvement, to be paid for by way of special frontage assessment to the extent of the total cost thereof.

And notice is also given that at the same time the said Municipal Council of the City of Edmonton intend to construct a six foot plank sidewalk on both sides of the said Jasper Avenue extension as a Local Improvement to be paid for by way of special frontage assessment to the extent of the lot frontage portion thereof; the cost of street and lane crossings being borne by the city at large.
